

The 2009 award winners and sponsors

Flintshire Business Award Winners 2009

Congratulations to all our award winners...

Flintshire Business Awards recognise the efforts of companies and individuals that help maintain Flintshire's prosperity by providing jobs and supporting the community.

Started in 2007 by the Flintshire's Business Development Team, Flintshire Business Week is a direct response to the needs of the local business community, in particular, the need to develop public and private sector partnerships and create a platform to celebrate business success
